

NYCOM - POWER UP Port Jefferson Update

The Village of Port Jefferson has currently filed suit against LIPA similar to the litigation filing by Huntington Village continuing to bring pressure on PSE&G LI and LIPA to both repower our plant and negotiate a glide path on our tax grievance cases as we continue to make headway. The integral resource plan from PSE&G LI will be published in the 4th quarter of this year.

MILL CREEK

This project is well underway with completion by the Fall. They continue to reinforce the embankments, planting the native vegetation along the creek, restoration of the brick walkway and installation of the historic plaques emphasizing this important environmental watershed resource.

Highland Boulevard Walkway

The Village of Port Jefferson is using the capital reserve fund to install a walkway on Highlands Boulevard at the gateway of the complex to Oakland Avenue so that the residents will not have to walk in the street. It will also include lighting to improve safety and pedestrian walkability.

Uptown Revitalization

Rail Realty continues to make progress with their first foundation being poured and construction continues on an ongoing basis for completion of the 74 new apartments with a target completion date for Phase I of Spring 2016.

Village Cup Regatta

A wonderful day was had by Team Port Jeff with a great turn out for the Village Cup Regatta. The wind was not on our backs making it a difficult start so we congratulate Mather Hospital for winning the cup, which brings the total wins to 3 for Port Jefferson and 2 for Mather Hospital. The real winner is the Lustgarten Foundation and Mather Hospital Palliative Care Unit who will benefit in finding a cure for pancreatic cancer.

Congratulations to the Setauket Yacht Club who will now be known as the Port Jefferson Yacht Club!!
