Incorporated Village of Port Jefferson Comprehensive Plan Survey

What will your Village look like in 5 years? 10 years? 20 years?

We need your help!

Please fill out this FREE (Postage Pre-Paid) Survey

Dear Neighbor,

We need your help. This is your chance to have a voice in the future of our Village. The Incorporated Village of Port Jefferson is updating its 1965 Comprehensive Plan (also referred to as our Master Plan). Increases in population and the many changes in land use have impacted our quality of life and made our current Master Plan and accompanying Village Code less meaningful.

This survey is the first step in the update process and will ensure that a 21st Century Master Plan incorporates the needs, desires, and wishes for our collective future.

You, as a part of our Village community, have an opportunity to have your voice heard and to help in the development of this project. The results of this survey will form the backbone of the Comprehensive Plan update and will focus on what the stakeholders feel should be the future of our community. The new Plan will be used in updating the Village Code, and will guide our Zoning, Planning and Building Departments in the course of their decision-making processes.

It is important that you join with us by completing and returning this survey no later than February 12, 2010. In order for your input to be included in the study, you must supply your name and address and other information required below. Anonymous surveys cannot be counted. When completed, simply fold the entire survey so that the Village Hall address shows, tape the bottom of the loose pages, and mail it back to us or drop it off at the Village Hall (121 West Broadway) between the hours of 9am and 5pm.

This is your chance to have a voice in the future our Village. We appreciate your participation!

Thank you,
The Comprehensive Plan Committee (CPC)
